

Sliding Screens

Commercial Doors and Windows

Keep insects out. Let fresh air in.

A heavy-duty, made-to-measure sliding screen system designed for larger windows and door openings in commercial environments.

Practical and durable, it allows for easy access while maintaining effective insect protection. Designed to fit neatly within the opening, the sliding panels move smoothly along tracks, making it ideal for wide spans, multiple openings, or areas requiring regular access.

Why Choose This Screen?

A reliable, no-fuss solution for keeping insects out while maintaining airflow. Made to measure for a clean, secure fit, allowing easy access with minimal obstruction.

Simple to install, easy to maintain, and built to last.

Screen Options

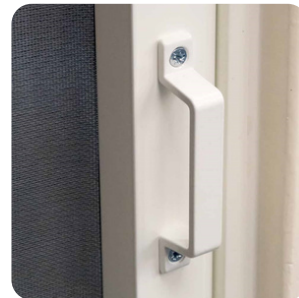

Available with 2 or 3 sliding panels, depending on the size and configuration of your opening.

Each panel moves independently along the track, allowing flexible access where needed.

Product Details

- Powder-coated aluminium frame (white as standard)
- A midbar may be fitted for larger panes
- Grey insect mesh as standard
- Made-to-measure
- Designed for reveal fitting

Before You Order

Please ensure:

- You have enough flat surface around your opening for the frame to sit against
- You have allowed space for any handles or fittings
- You have measured carefully — all screens are made to your supplied sizes

Fitting Notes

- This product is typically reveal fitted.
- If fitting outside the opening, a suitable subframe (such as timber) may be required to create a fixing point.
- Any small gaps can be sealed with silicone during installation.

Sliding Screens

Measuring Instructions

Step 1: Measure the Width

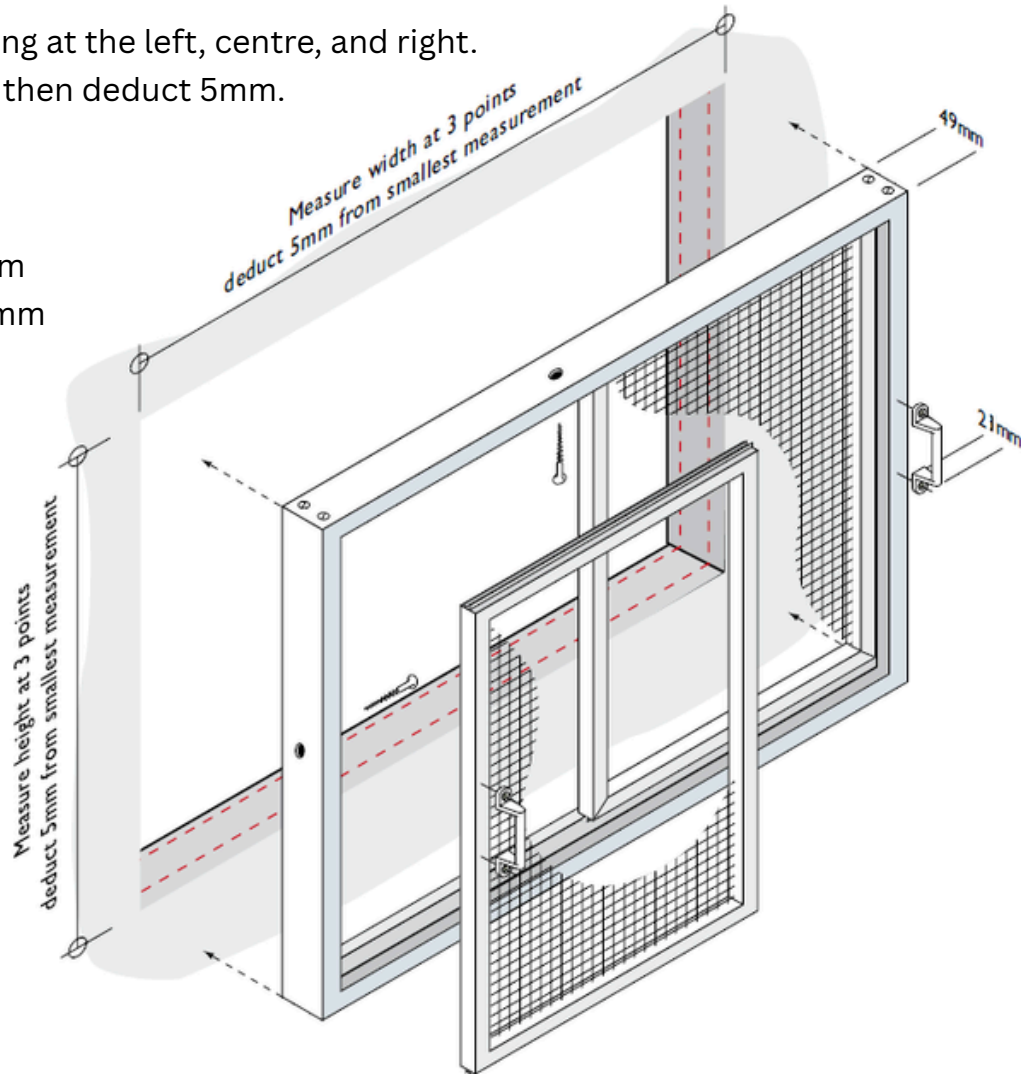

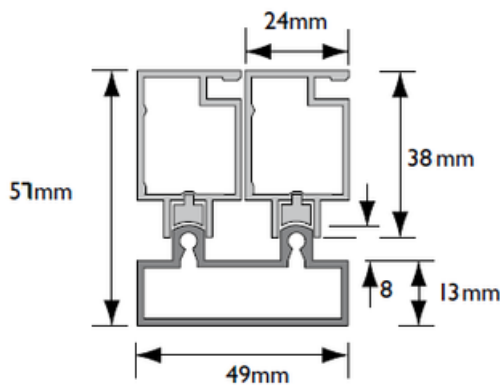

Measure the width of the opening at the top, middle, and bottom.
Use the smallest measurement, then deduct 5mm.

Step 2: Measure the Height

Measure the height of the opening at the left, centre, and right.
Use the smallest measurement, then deduct 5mm.

Step 3: Final Order Size

- Width = smallest width – 5mm
- Height = smallest height – 5mm

Important Notes

- Always measure in millimetres (mm) and provide sizes as width × height
- Include any bevelled edges in your measurements
- All screens are made to your measurements (±2mm tolerance applies), so it's important to measure carefully.
- No allowances or deductions are made by us
- Double check your measurements before ordering
